My Friend

I have a very good friend. His name is Eric. Friends are very important in our life. I think one cannot live without friends. The most important thing for being good friends, to my mind, is to be ready to help one another in any situation, nevertheless how difficult it is, to support one another and to solve all the problems together. And never mind, that the friends may have different interests and hobbies, different likes and dislikes. They say that the friend in need is a friend indeed. I think it is really so.

My Friend

My friend and I always do our best to help one another. We discuss all our troubles and try to find the best decision in any situation. My friend is a very good, kind and clever boy. We often spend our free time together. It is not very easy now, because both of us are very busy — we are going to enter institutes and have a lot of work to do. My friend is going to become a doctor. Our future professions are different and the subjects we have to study are different too, but we like to work together and to help one another in our study.

My Friend

When we have some free time, we go for walks, read and discuss books, watch films, go to discos or play computer games. Playing computer games is our hobby. Both of us are fond of sport. We go in for swimming and often go to the swimming pool together. We are football fans and we like to watch and discuss football matches on TV or to go to the stadium. I love my friend very much. I think he is a true friend. Our friendship is very dear to me and I try to do my best to be a good friend too.

Mass media

Mass media (that is, the press, the radio and television) play an important role in the life of society. They inform, educate and entertain people. They also influence the way people look at the world and make them change their views. Millions of people in their spare time watch TV and read newspapers. People listen to the radio while driving a car and at work. There is a lot of music on modern radio and very few conversations.

Mass media

Everybody can find there something interesting for him. On the radio one can hear music, plays, news and various discussions or commentaries of current events. Multiple radio or TV games and films attract a large audience. Newspapers are used in different ways, but basically they are read. There is a lot of advertisement on mass media. Some of the TV and radio stations and newspapers are owned by different corporations. The owners can advertise whatever they choose.

Seasons

Winter, spring, summer and autumn are the seasons of the year. December, January and February are the winter months. The weather is cold, usually it snows. The days are short and the nights are long. The rivers and lakes freeze and we can go skating and skiing. March, April and May are the spring months. It is a very nice season. The weather is fine, it is warm. There are many green trees in the streets in the parks and in the yards. Sometimes it rains but usually the sun shines brightly. The birds return from the hot countries and build their nests.

Seasons

June, July and August are the summer months. It is hot or warm. The days are long and the nights are short. There are many nice flowers in the parks and squares in the summer. The pupils do not go to school, they have summer holidays. June is the first month of summer. We have the longest day and the shortest night in the year on the 21st-22nd of June. July is the middle month of summer. It is hot and sun shines brightly. The sky is blue and cloudless. August is the last summer month sometimes it is cold in August, but there are many mushrooms, berries and fruit.

Travelling

Almost all people are fond of travelling. It is very interesting to see new places, another towns and countries. People may travel either for pleasure or on business. There are various means of travelling. For me there is nothing like travel by air; it is more comfortable, more convenient and, of course, far quicker than any other means. There is none of the dust and dirt of a railway or car journey, none of the trouble of changing from train to steamer and then to another train.

Travelling

With a train you have speed, comfort and pleasure combined. From the comfortable seat of a railway carriage you have a splendid view of the whole countryside. If you are hungry, you can have a meal in the dining-car; and if a journey is a long one you can have a wonderful bed in a sleeper. Travelling by ship is also very popular now. It is very pleasant to feel the deck of the ship under the feet, to see the rise and fall of the waves, to feel the fresh sea wind blowing in the face and hear the cry of the seagulls.

Travelling

Many people like to travel by car. It is interesting too, because you can see many sights in a short time, you can stop when and where you like, you do not have to buy tickets or carry your suitcases. A very popular means of travelling is hiking. It is travelling on foot. Walking tours are very interesting. Hitch-hiking is a very popular method of travelling among young people. But it is not as popular in our country as abroad.

Travelling

Modern life is impossible without travelling. Thousands of people travel every day either on business or for pleasure. They can travel by air, by rail, by sea or by road. Travelling by air is the fastest and the most convenient way, but it is the most expensive too. To my mind travelling by train is more interesting. You can see interesting places of the country you are travelling through. Modern trains have very comfortable seats. There are also sleeping carriages and a dining- carriage which make even the longest journey enjoyable.

Критерии оценки:

1. Чтение с полным пониманием содержания (изучающее)

Оценка «5» ставится ученику, когда он полностью понял несложный оригинальный текст (публицистический, научно-популярный; инструкцию или отрывок из туристического проспекта). Он использовал при этом все известные приемы, направленные на понимание прочитанного (смысловую догадку, анализ).

Оценка «4» выставляется учащемуся, если он полностью понял текст, но многократно обращался к словарю.

Оценка «3» ставится, если ученик понял текст не полностью, не владеет приемами его смысловой переработки.

Оценка «2» ставится в том случае, когда текст учеником не понят. Он с трудом может найти незнакомые слова в словаре.

2. Высказывание в форме рассказа, описания

Оценка «5» ставится ученику, если он в целом справился с поставленными речевыми задачами. Его высказывание было связным и логически последовательным. Диапазон используемых языковых средств достаточно широк. Языковые средства были правильно употреблены, практически отсутствовали ошибки, нарушающие коммуникацию, или они были незначительны. Объем высказывания соответствовал тому, что задано программой на данном году обучения. Наблюдалась легкость речи и достаточно правильное произношение. Речь ученика была эмоционально окрашена, в ней имели место не только передача отдельных фактов (отдельной информации), но и элементы их оценки, выражения собственного мнения.

Оценка «4» выставляется учащемуся, если он в целом справился с поставленными речевыми задачами. Его высказывание было связанным и последовательным. Использовался довольно большой объем языковых средств, которые были употреблены правильно. Однако были сделаны отдельные ошибки, нарушающие коммуникацию. Темп речи был несколько замедлен. Отмечалось произношение, страдающее сильным влиянием родного языка. Речь была недостаточно эмоционально окрашена. Элементы оценки имели место, но в большей степени высказывание содержало информацию и отражало конкретные факты.

Оценка «3» ставится ученику, если он сумел в основном решить поставленную речевую задачу, но диапазон языковых средств был ограничен, объем высказывания не достигал нормы. Ученик допускал языковые ошибки. В некоторых местах нарушалась последовательность высказывания. Практически отсутствовали элементы оценки и выражения собственного мнения. Речь не была эмоционально окрашенной. Темп речи был замедленным.

Оценка «2» ставится ученику, если он только частично справился с решением коммуникативной задачи. Высказывание было небольшим по объему (не соответствовало требованиям программы). Наблюдалась узость вокабуляра. Отсутствовали элементы собственной оценки. Учащийся допускал большое количество ошибок, как языковых, так и фонетических. Многие ошибки нарушали общение, в результате чего возникало непонимание между речевыми партнерами.
